

# How do I activate Duo Mobile directly from my smartphone or tablet?

You can enroll from your mobile device and activate Duo Mobile without having to scan a QR code. To complete enrollment and activation directly from your smartphone or tablet, you need to complete the following process:

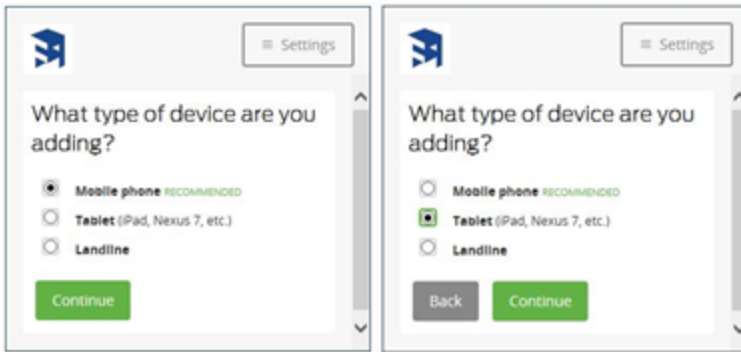

1. On your mobile device, find your Duo enrollment email and click the link provided.

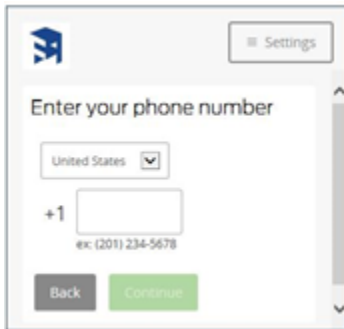

2. The link will bring you to the beginning of the sign-up process. Click **Start Setup**.

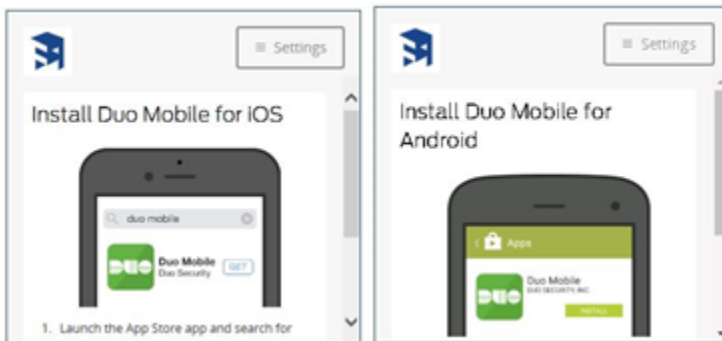

3. Select **Mobile phone** or **Tablet**.

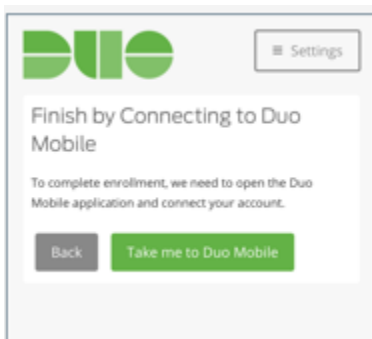

4. If Mobile phone, enter your mobile phone number and confirm phone number by checking the box. Click **Continue**.

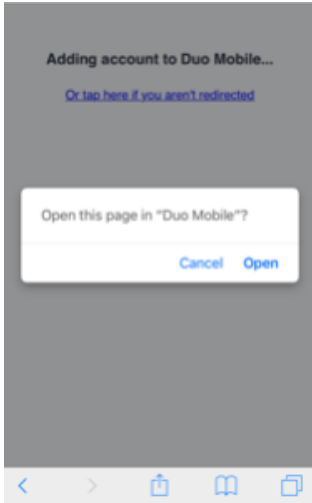

5. Click **I have Duo Mobile**. Note: If you do not have Duo Mobile on your device, launch the App Store or Google Play Store and search for "Duo Mobile" to download it.

6. Click **Take me to Duo Mobile**.

7. If you are on an iOS device, click **Open** to complete activation. If you are an Android user, activation is already complete and the Duo Mobile app will open.
