

# How To Access Cool Query Data Using Argos

How can I access my Cool Query data using Argos?

## Step-by-step guide

1. Go to: <https://argos.fredonia.edu/>
2. Log on using your Fredonia E-Services user name and password
3. Click Argos Web Viewer
4. In the Explorer column, click \*\*Cool Query Tools\*\*
5. Click CQ Interface - Web Version
6. In the Cool Query Argos Integration Tool select your Cool Query from the drop-down list
7. Enter any parameters for your query
8. Click Run Query
9. After your query returns records, click Reports in the top menu bar
10. Select CQ Report
11. Click Run
12. Depending on your browser you will be given the option to either save or open the generated .csv file

A short video of using the Cool Query Argos Integration Tool can be found at:

<https://fredonia.hosted.panopto.com/Panopto/Pages/Viewer.aspx?id=ca91b470-e907-4f42-aaee-8615ed2c4815>

The handout from our Argos Cool Query Integration demos is attached below:
