

# Restart Carousel App (Force Quit)

What to do if the Carousel App is not updating content (old events are still on display)

1. Point Apple TV remote (Siri) at display and select Menu to connect.
2. Once remote is connected, double tap TV/Home button.
3. You will see open applications on screen. With the Carousel app on screen, slide your finger up on the Touch surface until the app slides off the screen.
4. Select Menu on remote.
5. Start the Carousel App.
