How to add the Fredonia logo to your Fredonia email signature

The use of the approved 2-color logo is acceptable for university email signatures. The logo should not be altered in any way from the original. We encourage all employees to include the logo within their email signatures.

Step-by-Step

1. Click on the **Settings** menu icon () on the right side of your Gmail account at <https://mail.google.com>

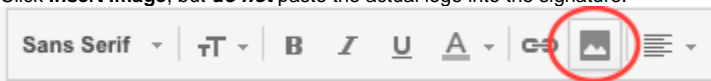

2. Choose **Settings** from the drop-down menu.

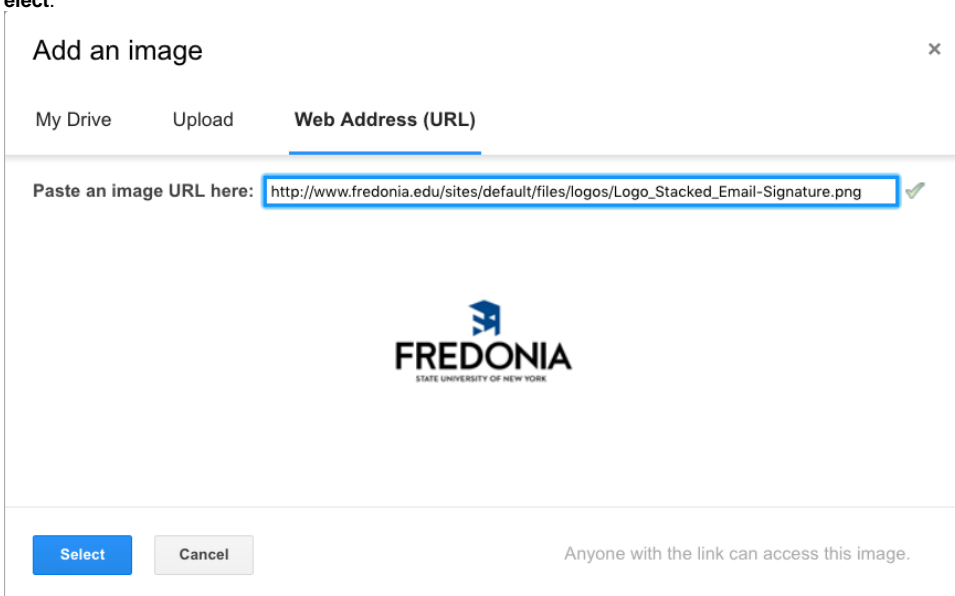

3. On the Settings page, scroll down to the **Signature** box.

4. Place your cursor in the editing box where you want the logo to appear in your signature.
5. Click **Insert Image**, but *do not* paste the actual logo into the signature.

6. Paste this link into the **Web Address (URL)** field: http://www.fredonia.edu/sites/default/files/logos/Logo_Stacked_Email-Signature.png and click **Select**.

7. When finished editing your signature, scroll to the bottom of the page and click **Save Changes**.

The complete **Fredonia Visual Standards Manual** PDF is available at fredonia.edu/brand/standards for additional guidance on all uses of the Fredonia logo and brand.
